

# Ayranmatic®

*Bubbly Buttermilk Expert!*

**NEW**

## Dear Authorised

We are living the proud and excitement of realizing a very first in the world. We are submitting our new product ayran machines producing our national drink ayran under more delicious and healthy conditions with different models and capacities present that realizes the production as a visual show to your concern. The feature of making bubbly buttermilk ayran from any kind of yoghurt of our ayran machines brings forth the consumption of ayran more, one of the healthiest drinks in the world, that would lead to the increase of profitability of your company in anywhere giving mass food service. In addition it contributes to the presentation of ayran which is a healthy, delightful and delicious drink of our culture and to the mass consumption of it. Our ayran machines (AYRANMATIC) are protected under the article 162 of patent rights laws numbered 551 with TR2004/01800Y. The production of our machines are made completely with hygienic materials in accordance with the conditions set by Ministry of Agriculture and Rural Affairs and as well as the food of articles.

**“HYGIENIC, BUBBLY, HEALTHY  
COLD BUTTERMILK AYRAN”**

# Ayranmatic®

## Bubbly Buttermilk Expert!

Ayran which includes calcium and potassium is also A, B12, D, B2 and B6 vitamins protein store. Ayran, decreasing the amount of cholesterol gives assistance to the protection of the water balance of the body. Ayran is an excellent, unique drink good for the disorder of the digestive system

**“HYGIENIC, BUBBLY, HEALTHY  
COLD BUTTERMILK AYRAN”**

**Ayranmatic** provides cold, bubbly, delicious and healthy, untouched ayran service in seconds.  
**Ayranmatic** produces naturally bubbly cold ayran from any kind of yoghurt without including any additives.

**Ayranmatic** has an easy usage and it eliminates the beating and mixing processes additional to the production of ayran.

**Ayranmatic** provides an excellent hygiene and homogeneity as the production of ayran is circulated in the stainless steel kettle inside the closed cabin.

**Ayranmatic** increases the sales of ayran due to providing an ideal display of the production of ayran visually at a hygienic environment.

**Ayranmatic** contributes to the presentation of ayran which is a healthy, delightful and delicious drink of our culture and to the mass consumption of it.

**Ayranmatic** pays off itself in a very short time with its high sales turnover.

**Ayranmatic** is produced with stainless steel, copper, wooden etc models and choices in accordance with the concept of your place.

**Ayranmatic** provides service opportunity at every corner of your place as it is wheeled.

The ayran production of cost is economic as the electric consumption of ayranmatik machine is very low.

**Ayranmatic** is made completely with hygienic materials in accordance with the conditions set by Ministry of Agriculture and Rural Affairs and as well as the food of articles.
